Independent Auditor's Report

To the Board of Education of the
Belmond-Klemme Community School District:

We have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund, and the aggregate remaining fund information of Belmond-Klemme Community School District as of and for the year ended June 30, 2006, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of District officials. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of Belmond-Klemme Community School District as of June 30, 2006, and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued our report dated September 22, 2006 on our consideration of Belmond-Klemme Community School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Management's Discussion and Analysis and budgetary comparison information on pages 4 through 10 and 30 through 31 are not required parts of the financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Belmond-Klemme Community School District's basic financial statements. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the three years ended June 30, 2005 (none of which are presented herein) and expressed unqualified opinions on those financial statements. Other supplemental information included in Schedules 1 through 5, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in our audit of the aforementioned financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

BRUCE D. FRINK
Certified Public Accountant

BELMOND-KLEMMER COMMUNITY SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Belmond-Klemme Community School District's Comprehensive Annual Financial Report presents its "discussion and analysis" of the District's financial performance during the fiscal year ending June 30, 2006. Please read it in conjunction with the District's financial statements.

2006 FINANCIAL HIGHLIGHTS

- The District enjoys a 3.5% solvency ratio. This is down 5.5% from the prior year. This is necessary to help in absorbing funding cuts and inadequate allowable growth.
- The District's General Fund balance decreased by over \$310,000. The District had revenues of \$6,481,289 and \$6,792,329 was spent during the year.
- Revenues increased by 5% over the prior year. This was due primarily to increased miscellaneous and state revenues. State revenues increased, but much of that increase was designated for specific purposes.
- The District has actively pursued grants from various sources in order to enhance the District's course offerings.
- The District began collecting local option sales tax money from Hancock County in September, 2003. Wright County began collecting it July 1, 2004. No specific uses have been designated, but will most likely be used to address infrastructure needs in the District. There is currently over \$930,000 in the Capital Projects Fund.
- The District's General Fund expenditures increased over \$290,000 (4%) in Fiscal 2006. This was primarily due to increases in payroll and benefits. A large part of this increase was in the Instruction area as the District continues to focus its monies on direct classroom spending.
- Enrollment dropped 11.8 students from fiscal 2005 to fiscal 2006. The number of students served in District facilities decreased by 16.1 students.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts: management's discussion and analysis (this section), the financial statements, and required supplemental information.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements.

Figure A-1 shows how the various parts of this annual report are arranged and relate to one another.

Figure A-1
Belmond-Klemme Community School District

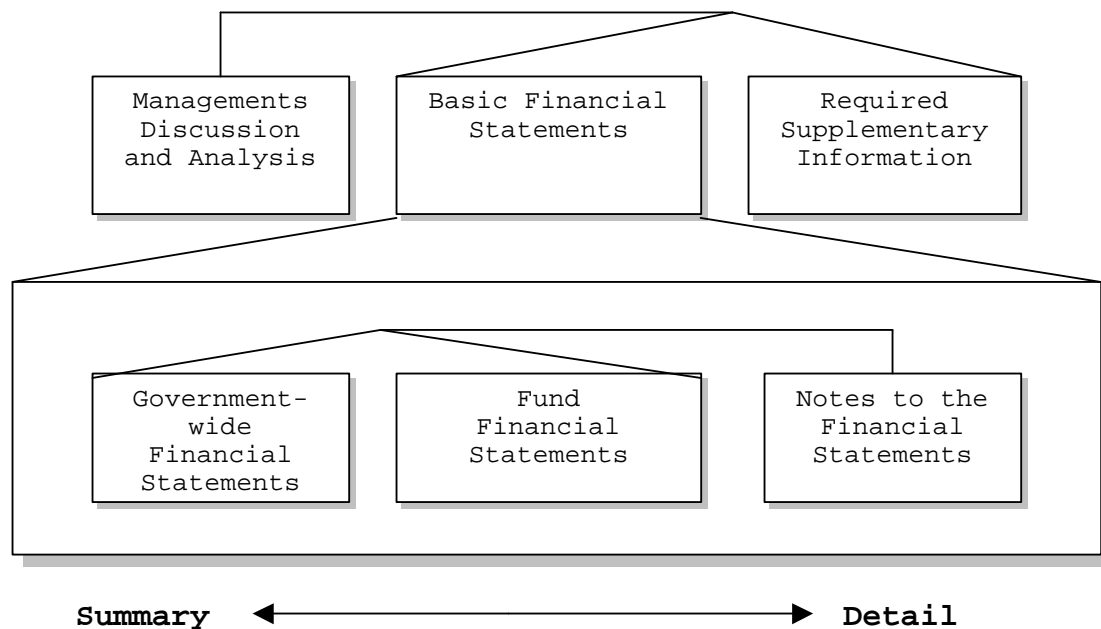

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain. The remainder of this overview section of the management discussion and analysis highlights the structure and contents of each of the statements.

Figure A-2

COMBINED BALANCE SHEET

The combined balance sheet shows the total assets, liabilities, and fund equity for all of the funds for the entire district for the 2004 fiscal year. The combined balance sheet shows three major fund types as well as the account groups: general fixed assets and the general long-term debt.

The government funds include: the general fund, special revenue, debt service, and capital projects. Most of the District's basic services are included here, such as regular education, special education, building and grounds maintenance, transportation, administration, and capital projects. Property taxes and state aid finance most of these activities.

The District's only enterprise fund is the school nutrition fund.

The fiduciary funds include trusts and agencies. The District is the trustee or fiduciary for assets that belong to others, such as scholarship funds. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. The District excludes these activities from other types of funds because the District cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Net assets - Figure A-3 below provides a summary of the District's net assets for the year ended June 30, 2006 compared to 2005.

Figure A-3
Condensed Statement of Net Assets
(expressed in thousands)

	Governmental Activities		Business Type Activities		Total School District		Percentage Change
	2006	2005	2006	2005	2006	2005	2005-2006
	\$	\$	\$	\$	\$	\$	
Current assets	7,396	5,660	39	39	7,435	5,699	30.46%
Capital assets	<u>466</u>	<u>401</u>	<u>20</u>	<u>20</u>	<u>486</u>	<u>421</u>	<u>15.44%</u>
Total assets	<u>7,862</u>	<u>6,061</u>	<u>59</u>	<u>59</u>	<u>7,921</u>	<u>6,120</u>	<u>29.43%</u>
Current liabilities	5,950	4,626	5	5	5,955	4,631	28.59%
Non-current liabilities	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>0.00%</u>
Total liabilities	<u>5,950</u>	<u>4,626</u>	<u>5</u>	<u>5</u>	<u>5,955</u>	<u>4,631</u>	<u>28.59%</u>
Net Assets							
Invested in capital assets, net of related debt	466	401	20	20	486	421	15.44%
Restricted	1,095	375	-	-	1,095	375	192.00%
Unrestricted	<u>351</u>	<u>659</u>	<u>34</u>	<u>34</u>	<u>385</u>	<u>693</u>	<u>-44.44%</u>
Total net assets	<u>1,912</u>	<u>1,435</u>	<u>54</u>	<u>54</u>	<u>1,966</u>	<u>1,489</u>	<u>32.03%</u>

The combined net assets of the District increased by 32%. This was due primarily to the large increase in the Capital Projects Fund. The unrestricted assets decreased because of the drop in the General Fund balance.

Changes in net assets - Figure A-4 shows the changes in net assets for the year ended June 30, 2006 and 2005.

Figure A-4
Change in Net Assets
(expressed in thousands)

Program expenses:							
Governmental activities:							
Instruction	4,796	4,411	-	-	4,796	4,411	8.73%
Support Services	2,016	2,381	-	-	2,016	2,381	-15.33%
Non-instructional programs	4	4	406	234	410	238	72.27%
Other expenses	<u>344</u>	<u>683</u>	<u>-</u>	<u>-</u>	<u>344</u>	<u>683</u>	<u>-49.63%</u>
Total expenses	<u>7,160</u>	<u>7,479</u>	<u>406</u>	<u>234</u>	<u>7,566</u>	<u>7,713</u>	<u>-1.91%</u>
Change in net assets	<u>477</u>	<u>(435)</u>	<u>8</u>	<u>16</u>	<u>485</u>	<u>(419)</u>	<u>-215.75%</u>

Property tax and unrestricted state grants account for 68% of the total revenue. The District's expenses primarily relate to instruction and support services which account for 90% of the total expenses.

Governmental Activities

Revenues for governmental activities were \$7,637,470 and expenses were \$7,159,910. The District reduced discretionary spending in an effort to keep expenditures as close as possible to revenues.

Inadequate allowable growth prevents obtaining additional revenues from normal funding sources. Normal payroll increases exceed new money generated by the state formula each year.

The following table presents the total and net cost of the District's major governmental activities: instruction, support services, non-instructional programs and other expenses.

Figure A-5
Total and Net Cost of Governmental Activities
(expressed in thousands)

	Total Cost of Services			Net Cost of Services		
	2006	2005	Change 2005-2006	2006	2005	Change 2005-2006
	\$	\$		\$	\$	
Instruction	4,796	4,411	8.73%	3,666	3,303	10.99%
Support Services	2,016	2,381	-15.33%	1,992	2,336	-14.73%
Non-instructional programs	4	4	0.00%	4	4	0.00%
Other expenses	<u>344</u>	<u>683</u>	<u>-49.63%</u>	<u>(51)</u>	<u>430</u>	<u>-111.86%</u>
Totals	<u>7,160</u>	<u>7,479</u>	<u>-4.27%</u>	<u>5,611</u>	<u>6,073</u>	<u>-7.61%</u>

- The cost financed by users of the District's programs was \$458,034.
- Federal and state governments subsidized certain programs with grants and contributions totaling \$515,917.
- The net cost of governmental activities was financed with \$2,640,019 in property tax, \$2,798,791 in state foundation aid, and \$18,395 in interest income.

Proprietary-Type Activities

Revenues for the District's School Nutrition Fund were \$268,387 and expenses were \$242,375. The revenues include: charges for services, contributions, and federal and state reimbursements.

Fiduciary Fund Activities

The Trust Funds are funds given and designated by outside groups and people basically to be given as scholarships. These funds are not to be used to support the operations of the District.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

The Belmond-Klemme Community School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The financial performance of the District is reflected in its governmental funds. As the District completed the fiscal year, its governmental funds reported a combined fund balance of \$1,912,808, which is 33% greater than last year's ending fund balance of \$1,435,248.

- The District has been trying to control its General Fund balance by holding the line on payroll and discretionary spending and obtaining outside grants.
- Allowable growth of 4% is inadequate to maintain educational programs at their current level without dipping into existing reserves.
- Depreciation expenses (non-cash expense) is over \$110,000. This makes the decrease in fund balance more pronounced than the decrease in actual cash on hand.

BUDGETARY HIGHLIGHTS

In accordance with the Code of Iowa, the Board of Education annually adopts a budget after the required public notice and hearing. The budget for the current fiscal year is usually amended each April for revenues and expenditures that could not be anticipated the prior April. The budget amending process follows similar statutory procedures.

It is the District's practice, as is in most Iowa school districts, to budget expenditures at or about the maximum authorized spending. As a result, the District's certified budget should always exceed the actual expenditures for the year. Expenditures did not exceed the amounts budgeted.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

By the end of fiscal year 2006, the District has invested more than \$5,800,000 in a broad range of capital assets including school buildings, athletic facilities, kitchens, computers and audio-visual equipment, administration building, transportation/storage facility, maintenance equipment, school buses, and other vehicles, library holdings and textbooks. Total depreciation expense for the year exceeded \$110,000.

Long-term Debt

The District has no long-term debt as of June 30, 2006.

FACTORS BEARING ON THE DISTRICT'S FUTURE

At the time these financial statements were prepared and audited, the District was aware of existing circumstances that could significantly affect its financial health in the future:

- Enrollment changes will have a major effect on the District's General Fund.
- The District is beginning construction on a new elementary school in 2007.
- Inadequate funding by the Legislature will force the District to dip further into its reserves.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact David Sextro, Superintendent, Belmond-Klemme Community Schools, 411 10th Ave NE, Belmond, Iowa 50421.

BELMOND-KLEMMER COMMUNITY SCHOOL DISTRICT

Notes to Financial Statements

June 30, 2006

(1) Summary of Significant Accounting Policies

Belmond-Klemme Community School District is a political subdivision of the State of Iowa and operates public schools for children in grades kindergarten through twelve and special education pre-kindergarten. The geographic area served includes the Cities of Belmond and Klemme, Iowa, and agricultural territory in Wright, Hancock and Franklin Counties. The District is governed by a Board of Education whose members are elected on a non-partisan basis.

The District's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standard Board.

A. Reporting Entity

For financial reporting purposes, Belmond-Klemme Community School District has included all funds, organizations, account groups, agencies, boards, commissions and authorities. The District has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the District. Belmond-Klemme Community School District has no component units which meet the Governmental Accounting Standards Board criteria.

Jointly Governed Organizations - The District participates in a jointly governed organization that provides services to the District but does not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The District is a member of the Wright and Hancock County Assessor's Conference Boards.

B. Basis of Presentation

Government-wide Financial Statements - The Statement of Net Assets and the Statement of Activities report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by tax and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for service.

The Statement of Net Assets presents the District's nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories:

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes and other debt that are attributable the acquisition, construction or improvement of those assets.

Restricted net assets result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets consist of net assets that do not meet the definition of the two preceding categories. Unrestricted net assets often have constraints on resources that are imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions and interest that are restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements - Separate financial statements are provided for governmental, proprietary, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as other nonmajor governmental funds.

The District reports the following major governmental funds:

The General Fund is the general operating fund of the District. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenses, including instructional, support and other costs.

The Physical Plant and Equipment Levy is used for the acquisition of capital assets (over \$500) and the maintenance and purchase of land improvements and facilities.

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities.

The District reports the following major proprietary fund:

The District's proprietary fund is the Enterprise, School Nutrition Fund. The School Nutrition Fund is used to account for the food service operations of the District.

C. Measurement Focus and Basis of Accounting

The government-wide, proprietary and fiduciary fund financial statements are reported using the "economic resources measurement focus". The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected with 60 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the District.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments, and compensated absences are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financial sources.

Under terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs, and then general revenues.

The proprietary fund of the District applies all applicable GASB pronouncements, as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee on Accounting Procedure.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's Enterprise Fund is charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The District maintains its financial records on the cash basis. The financial statement of the District are prepared by making memorandum adjusting entries to the cash basis financial records.

D. Assets, Liabilities and Fund Balance

The following accounting policies are followed in preparing the financial statements:

Cash, Pooled Investments and Cash Equivalents - The cash balances of most District funds are pooled and invested. Investments are stated at fair value except for the investment in the Iowa Schools Joint Investment Trust which is valued at amortized cost and non-negotiable certificates of deposit which are stated at cost.

For purposes of the statement of cash flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, they have a maturity date no longer than three months.

Property Tax Receivable - Property tax in governmental funds are accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date that the tax asking is certified by the Board of Education. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Education to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the District is required to certify its budget in April of each year for the subsequent fiscal year. However, by statute, the tax asking the budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2004 assessed property valuations; is for the tax accrual period July 1, 2005 through June 30, 2006 and reflects the tax asking contained in the budget certified to the County Board of Supervisors in April 2005.

Due From Other Governments - Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Inventories - Inventories are valued at cost using the first-in, first-out method for purchased items and government commodities.

Capital Assets - Capital assets, which include property, furniture and equipment, are reported in the applicable governmental or business type activities columns in the government-wide statement of net assets. Capital assets are recorded at historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are defined by the District as assets with an initial, individual cost in excess of the following thresholds and estimated useful lives in excess of two years.

<u>Asset Class</u>	<u>Amount</u>
Land	\$ 2,000
Buildings	10,000
Improvements other than buildings	10,000
Furniture and equipment:	
School Nutrition Fund equipment	1,000
Other furniture and equipment	1,000

Capital assets are depreciated using the straight line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Amount</u>
Buildings	50 years
Improvements other than buildings	20-50 years
Furniture and equipment	5-15 years

Deferred Revenue - Although certain revenues are measurable, they are not available. Available means collectible within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue in the governmental fund financial statements represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue consists of unspent grant proceeds as well as property tax receivables and other receivables not collected within sixty days after year end.

Deferred revenue on the Statement of Net Assets consists of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied.

Compensated Absences - District employees accumulated a limited amount of earned but unused vacation for subsequent use or for payment upon termination, death or retirement. A liability is recorded when incurred in the government-wide financial statements. The compensated absences liability is deemed to be immaterial at June 30, 2006.

Long-term obligations - In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column in the statement of net assets.

Fund Balance - In the governmental fund financial statements, reservations of fund balance are reported for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

Restricted Net Assets - In the government-wide Statement of Net Assets, net assets are reported as restricted when constraints placed on net asset use are either externally imposed by creditors, grantors, contributors or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

E. Budgeting and Budgetary Control

The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2006, expenditures did not exceed the amounts budgeted in any of the four functions.

(2) **Cash and Pooled Investments**

The District's deposits at June 30, 2006 were entirely covered by Federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The District is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Education; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

At June 30, 2006, the District had investments in the Iowa Schools Joint Investment Trust as follows:

	<u>Amortized Cost</u>
Diversified Portfolio	<u>\$68,387</u>

The investments are valued at an amortized cost pursuant to Rule 2a-7 under the Investment Company Act of 1940.

Interest rate risk - The District's investment policy limits the investment of operating funds (funds expected to be expended in the current budget year or within 15 months of receipt) in instruments that mature within 397 days. Funds not identified as operating funds may be invested in investments with maturities longer than 397 days but the maturities shall be consistent with the needs and use of the District.

Credit risk - The investments in the Iowa School Joint Investment Trust were both rated Aaa by Moody's Investors Service.

(3) Capital Assets

Capital assets activity for the year ended June 30, 2006 is as follows:

	Balance Beginning of Year	Increases	Decreases	Balance End of Year
	\$	\$	\$	\$
Governmental activities:

Depreciation expense was charged to the following functions:				
Governmental activities:				
Student transportation				14,757
Unallocated				<u>91,207</u>
				<u>105,964</u>
Business type activities:				
Food service operations				<u>988</u>

(4) Iowa School Cash Anticipation Program (ISCAP)

The District participates in the Iowa Schools Cash Anticipation Program (ISCAP). ISCAP is a program of the Iowa Association of School Boards and is designed to provide funds to participating entities during periods of cash deficits. ISCAP is funded by a semiannual issuance of anticipatory warrants, which mature as noted below. The warrant sizing of each school corporation is based on a projection of cash flow needs during the semiannual period. ISCAP accounts are maintained for each participating entity, and monthly statements are provided regarding their cash balance, interest earnings and amounts available for withdrawal for each outstanding series of warrants. Bankers Trust Co. NA is the trustee for the program. A summary of the District's participation in ISCAP as of June 30, 2006 is as follows:

<u>Series</u>	<u>Warrant Date</u>	<u>Final Warrant Maturity</u>	<u>Investment</u>	<u>Accrued Interest Receivable</u>	<u>Warrants Payable</u>	<u>Accrued Interest Payable</u>
2005-06A	6/30/05	6/30/06	\$ -	-	-	-
2005-06B	1/26/06	1/26/07	991,448	20,091	988,000	25,050
2006-07A	6/28/06	6/28/07	<u>1,497,915</u>	<u>466</u>	<u>1,500,000</u>	<u>11,785</u>
Total			<u>\$2,489,363</u>	<u>20,557</u>	<u>2,488,000</u>	<u>36,835</u>

The District pledges its state foundation aid payments and General Fund receipts as security for warrants issued. Repayments must be made when General Fund receipts are received. If a balance is outstanding on the last date the funds are available to be drawn, then the District must repay the outstanding withdrawal from its General Fund receipts, and must make minimum warrant repayments on the 25th of each month immediately following the final date that the warrant proceeds may be used in an amount equal to 25% of the warrant amount. There was no ISCAP advance activity in the General Fund for the year ended June 30, 2006.

The warrants bear an interest rate and the proceeds of the warrants are invested at an interest rate as shown below:

<u>Series</u>	<u>Interest Rates on Warrants</u>	<u>Interest Rates on Investments</u>
2005-06A	4.000%	3.903%
2005-06B	4.500%	4.772%
2006-07A	4.500%	5.676%

(5) Pension and Retirement Benefits

The District contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by State statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, PO Box 9117, Des Moines, Iowa, 50306-9117.

Plan members are required to contribute 3.70% of their annual salary and the District is required to contribute 5.75% of annual payroll. Contribution requirements are established by State statute. The District's contribution to IPERS for the years ended June 30, 2006, 2005, and 2004 were \$219,077, \$214,137, and \$207,201 respectively, equal to the required contributions for each year.

(6) Risk Management

Belmond-Klemme Community School District is exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

(7) Area Education Agency

The District is required by the Code of Iowa to budget for its share of special education support, media and educational services provided through the area education agency. The District's actual amount for this purpose totaled \$235,017 for year ended June 30, 2006 and is recorded in the General Fund by making a memorandum adjusting entry to the cash basis financial statements.

(8) Contingencies

The District is involved in litigation with a former employee regarding improper termination. In the case of an unfavorable outcome the District would be liable for back pay estimated to be \$50,000. At this time no probable outcome can be determined, thus no liability has been recognized on the financial statements.

BELMOND-KLEMME COMMUNITY SCHOOL DISTRICT

Notes to Required Supplementary Information - Budgetary Reporting

Year ended June 30, 2006

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standard Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds, except Private Purpose Trust and Agency Funds. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's budget is prepared on s GAAP basis.

Formal and legal budgetary control for the certified budget is based upon four major classes of expenditures known as functions, not by fund. These four functions are instruction, support services, non-instructional programs and other expenditures. Although the budget document presents function expenditures or expenses by fund, the legal level of control is at the aggregated functional level, not by fund. The Code of Iowa also provides that District expenditures in the General Fund may not exceed the amount authorized by the school finance formula.

During the year ended June 30, 2006, expenditures did not exceed the amounts budgeted in any of the four functions. The District did not exceed the General Fund unspent authorized budget.

**Independent Auditor's Report on Internal Control over Financial
Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in
Accordance with Government Auditing Standards**

To the Board of Education of the
Belmond-Klemme Community School District:

We have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the Belmond-Klemme Community School District as of and for the year ended June 30, 2006, which collectively comprise the District's basic financial statements listed in the table of contents, and have issued our report thereon dated September 22, 2006. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Belmond-Klemme Community School District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the District's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in Part I of the accompanying Schedule of Findings.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, of the reportable conditions described above, we believe item 06-I-A is a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Belmond-Klemme Community School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance or other matters with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed immaterial instances of non-compliance that are required to be reported under Government Auditing Standards.

Comments involving statutory and other legal matters about the District's operations for the year ended June 30, 2006 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the District. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Belmond-Klemme Community School District and other parties to whom Belmond-Klemme Community School District may report, including federal awarding agencies and pass through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Belmond-Klemme Community School District during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

BRUCE D. FRINK
Certified Public Accountant

September 22, 2006

BELMOND-KLEMME COMMUNITY SCHOOL DISTRICT

Schedule of Findings

Year ended June 30, 2006

Part I: Findings Related to the Financial Statements:

INSTANCES OF NON-COMPLIANCE:

No matters were reported.

REPORTABLE CONDITIONS:

06-I-A Segregation of Duties - One important aspect of the internal control structure is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. The District has done a good job of segregating duties among the present staff, however, the District Secretary continues to have the ability to override the present controls and circumvent the internal control systems.

Recommendation - We realize the job description, as defined by the Code of Iowa, of the District Secretary makes the segregation of duties even more difficult and the elimination of the possibility of administrative override of the system improbable. However, we feel the board and the administration should review these policies annually and with each personnel change to insure the best possible control climate is maintained.

Response - We will continue to review procedures to obtain the best controls possible.

Conclusion - Response accepted.

Part II: Other Findings Related to Required Statutory Reporting:

06-II-A Official Depositories - Official depositories have been approved by the District. The maximum deposit amounts approved were not exceeded during the year ended June 30, 2006.

06-II-B Certified Budget - Expenditures for the year ended June 30, 2006, did not exceed the amounts budgeted.

06-II-C Questionable Expenditures - We noted no expenditures that may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979.

06-II-D Travel Expense - No expenditures of District money for travel expenses of spouses of District officials or employees were noted. No travel advances to District officials or employees were noted.

06-II-E Bond Coverage - Surety bond coverage of District officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to insure that the coverage is adequate for current operations.

06-II-F Board Minutes - We noted no transactions requiring Board approval which had not been approved by the Board.

BELMOND-KLEMM COMMUNITY SCHOOL DISTRICT

Schedule of Findings

Year ended June 30, 2006

Part II: Other Findings Related to Required Statutory Reporting:
(continued):

06-II-G Business Transactions - No business transactions between the District and District officials or employees were noted.

06-II-H Deposits and Investments - We noted no instances of noncompliance with the deposit and investment provisions of Chapter 12B and Chapter 12C of the Code of Iowa and the District's investment policy.

06-II-I Certified Annual Report - The District's Certified Annual Report was filed with the Department of Education in a timely manner.

06-II-J Certified Enrollment - We noted no variances in the basic enrollment data certified to the Department of Education.

06-II-K Financial Condition - The District did not publish the list of annual salaries paid as required by Section 279.35 of the Code of Iowa.

Recommendation - We recommend that the District publish as required.

Response - We will comply.

Conclusion - Response accepted.
